Peace Creep Parade Smashed by L.A. National Socialists

In another heroic street action, members of the NSWPP from Los Angeles made a shambles of a "peace parade" on October 29. A small, well-disciplined group of uniformed National Socialists led by GL Joe Tomasi met a column of 3,000 red demonstrators led by the L.A. hippie leader Irving Sarinoff as they marched down Wilshire Blvd. Our troops carried a huge White Power-Swastika banner which was flanked by uniformed guards. As the two groups drew abreast of one another, the National Socialists were attacked by over a hundred red parade guards, who swarmed over them suddenly and tried to rip down their sign. The Stormtroopers stood their ground and beat their attackers back with clubs. When the reds were forced to retreat to the opposite side of the street, five of their number were left unconscious from the fight. During the fight the parade had been brought to a halt as the main body of red demonstrators watched disbelievingly as our troopers thwarted the attack of their "hard core". Before the reds could decide what to do, our men advanced to a position closer to their leaders. This created such dismay and confusion that any remaining semblance of order disappeared as Sarinoff and the other leaders melted into the middle of the mob. With sirens at full blast, Los Angeles riot police arrived, creating even greater confusion among the communists. They waded into the remaining marchers, occasionally swinging their batons and arresting those who would not retreat. The National Socialists were permitted to leave.

This is a dramatic example of how a well-disciplined hard core of National Socialists can cause drastic results for our enemies.

NSCO Applications

Party Members will find the new application enclosed which should be filled in and submitted no later than January 1, 1969 for persons wishing to apply to the National Socialist Central Organization. Answer all questions fully and use extra paper wherever necessary to complete your answer. Do not fail to include two recent pictures of yourself, one front view and one profile.

Soon after the first of the year a distinctive NSCO badge will be presented to persons selected for this elite Party formation.

White Power Message: Facts and Figures

Although the Party's telephone message service in the Washington area already has been mentioned several times in NS Bulletins, it is important enough to mention again.

A single message device installed in a large metropolitan area will reach between three and five thousand persons each week with a two-minute propaganda message. A National Socialist, or a group of National Socialists, needs only two things in order to blanket any metropolitan area in the country with this important medium: The ability to pay the charges of approximately $30 each month and the gumption to make the simple arrangements for installation.

Here's how to do it:

1. Canvass your resources, and be sure that you can pay the bill each month, which will consist of about $12 to the local telephone company and $17 to the manufacturer of the message device. (After three years the message device will be fully paid for, and from then on the only cost will be the $12 to the telephone company. Or, if you can raise $495, you can buy the message device outright.)

2, Decide on a location for the message device. The address at which the device is located must be given in each message. If you feel that it would be unsafe to install the device in your home, rent a tiny, cheap office—a broom-closet will suffice—and have the device installed there. Once installation has been made, no further attention to the device is required. Messages will be changed regularly by remote control from National HQ. You need never even look at the device again after the initial installation has been made.

3. When you have made sure that your financial resources are in order and have arranged for a definite—not a tentative—location, contact National HQ immediately. We will put the manufacturer of the message device in touch with you and

give you further instructions.

The effect of a message service in your area will be immediate and electrifying. If you live in a large metropolitan area, especially, there is no other way in which you can put so little money to such good use. Don't procrastinate—start this project today!

Nazi Fraud

Another cheap imitator has attempted to cash in on the growing success of National Socialism. John R. Bishop, of Davenport, Iowa, was dismissed from the NSWPP over a year ago because of his abnormally egotistical character. Bishop, a classic megalomaniac, fancies himself "Fuehrer" with leadership abilities greater than those of Adolf Hitler.

The Jewish press has accommodated this farcical actor with abundant publicity, as they will always publicize those things which tend to create confusion in the ranks of the true National Socialist movement.

Mace Saves Two Whites

On two separate occasions, Chemical Mace saved White people from severe injury and possibly death at the hands of Blacks last week. In the first incident, a White girl was approached on a street in New York City after dark and propositioned in the vulgarest of terms by a hulking Black male. When she ignored him and tried to walk in the opposite direction, he grabbed her by the wrist and started dragging her into a nearby alley. With her free hand, the young lady drew her pocket-sized Mace sprayer and let the Black animal have a blast in the face. He immediately fell to the ground, vomiting and screaming. His cries were so loud and uncontrollable that a White foot policeman hurried to the scene. When the circumstances were explained to him, the policeman complimented the young lady on her foresight in having Mace with her. The two walked away, leaving the Black attacker retching and moaning in the alley.

In Washington, D.C., a White man who had been passing out cards advertising the Party's White Power Message was set upon by three Blacks on a dark street. Having been knocked to the ground, he managed to pull his MK IV Mace canister out just as the Blacks were ready to stomp him. One quick blast was all it took to drop all three attackers to the ground, with effects characteristic of this remarkable chemical.

Order Chemical Mace from NS Arms—Box 34—Triangle, Virginia 22172. Prices: MK II (Pocket size) $5.95 each. MK IV (contains 80 bursts, will control a whole crowd) $10.95 each. MK IV with handy leather holster, $13.95 each.

Changes in Ammunition Prices

Due to the increasing scarcity of small-arms ammunition created by the federal curb on ordnance importers and manufacturers, ammunition prices are being pushed upward. The new prices on ammunition carried by NS Arms are as follows:

.25 cal. ACP (for the .25 Astra Cub and similar .25 autos) $10.80 per hundred.
.32 cal. ACP and .380 cal. ACP (for Walther PP & PPK and similar automatics) $10.80 per hundred.
9mm parabellum (for the P-38, 9mm Luger, Radom, etc.) non-corrosive, $7.50 per hundred.
.45 ACP, $9.00 per hundred.
30/06 for FN and Madsen Rifle, M-1 Garand, etc., $10.00 per hundred.
.30 Carbine for M-1 Carbine, $10.00 per hundred.
New Item 8MM Mauser ammunition, $9.00 per hundred.
8mm Mauser Rifles, reconditioned and sporterized, $39.95

If you have a weapon which does not shoot one of the above cartridges, please let us know your special requirements, and we will quote you a price and approximate delivery time.

Note: All orders must be prepaid: handguns and ammunition are sent freight collect via REA. (You may check with your local REA office for rates.)

Do not delay in ordering! The federal ban on mail order sales goes into effect on December 16,1968.

Commemorative Date

November 9 is a date to be remembered by all National Socialists. It was on this day in 1923 that 16 of our comrades were murdered in the streets of Munich by the Jewish-controlled police of the social-democratic government. To these fallen National Socialist comrades Adolf Hitler dedicated the first volume of MEIN KAMPF.

The selfless dedication and courage displayed by these men in the battle for the resurrection of our race is a timeless inspiration to all Aryan mankind.

Activity of the Month

For the month of November, Party Members and Supporters are asked to sign up at least one new Official Supporter. An Official Supporter application form and letter are enclosed. More will be furnished as you need them.

There are two fundamental reasons why this Party formation must be constantly expanded: (1) The Party must be able to depend on a uniformly growing source of funds each month to meet the needs of Party growth and organizational expansion. (2) The Movement must have the ability to influence an increasing number of supporters, or sympathizers, with the objective of making (some of) them active National Socialist revolutionaries. It is up to you to do your part. Make a habit of spreading the word about the Party wherever you come into contact with other Aryans. Sign up those persons who show an interest in the NSWPP.

Do not fail to bring in a new Official Supporter this month, and make a habit of recruiting Party supporters at every opportunity.

Heil Hitler!
